

## Nameplates

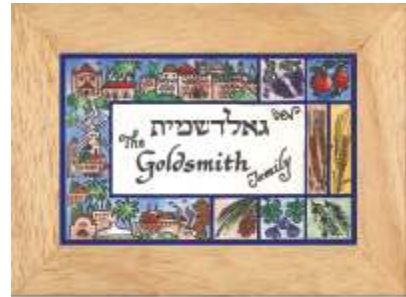

*Ceramic tiles are the classic welcome sign in Israel*

All nameplates have two almost invisible holes and include all necessary hardware for mounting on a wall or door.

In addition, the Big and Large sizes are available framed and can be hung on a wall using the hook on the frame's back. Please see page 7 for tile sizes and other information.

All nameplate models are also available as "Ready-Made Tiles" (see page 6).
